

FOR IMMEDIATE RELEASE

## ServiceMaster of Burlington, Oakville, Milton and Hamilton

recognizes the contributions of

### Hector Stancovich

**July 31, 2025** – When Hector Stancovich first walked through the doors of ServiceMaster of Burlington, Oakville, Milton, and Hamilton, we never realized what a key member of our cleaning family he would become! In two short years, Hector has turned into not simply an essential employee for us, he is a true ambassador of our business and most definitely an **EVERYDAY HERO** for simply being who he is!

As a Cleaning Associate with our customer, Uline Canada Inc., Hector regularly shows his consistent exemplary work ethic of going “above and beyond”! Recently, despite having to face serious family health challenges, Hector continues to show up with a smile on his face ready to tackle the tasks at hand! His attitude and resilience are outstanding and most certainly commendable.

To say that we consider Hector to be an essential employee would be an understatement as he is not just an employee to us, he is a member of our ServiceMaster family and integral to our success! For these reasons and more, we are proud to recognize Hector as an **EVERYDAY HERO**.

*“Thank you, Hector, for being a true ambassador for our business and simply just being you!  
You are most certainly our **EVERYDAY HERO!**”*

**Doug Goodrow**  
General Manager
